

2020 Summer Associate

Brownstein Hyatt Farber Schreck is currently seeking law students for our 2020 Summer Associate Program. Our 9 week structured program provides summer associates with a realistic view of what it's like to practice in a fast paced firm. We combine meaningful work and comprehensive training with a variety of social events that enable you to get to know our team.

Each of our summer associates are assigned to mentors and will have the opportunity to work with attorneys in a variety of disciplines. Depending on an individual's area(s) of interest, this work may include drafting motions, writing briefs, drafting and/or responding to written discovery, conducting research, writing memos, analyzing deals, drafting contracts, preparing entity formation documents, and numerous other projects.

The firm's focus on its four core values of being all in, excellence, respect, and giving back is exemplified throughout all matters of work and volunteering. We are committed to giving back to the communities where we work and live, through board service, hands-on volunteerism, sponsorships, donations and pro bono legal services. Our summer associates will have the opportunity to attend volunteer events, work on pro bono projects, and will participate in the Anti-Defamation League's (ADL) Summer Associate Research Program.

We are interested in law students with outstanding academics, strong analytic and writing skills, proven initiative and leadership ability. Please see our specific openings below:

General Summer Program, Denver Office

We are seeking 2L students who are interested in spending the summer in Denver working on projects from a variety of departments including litigation, corporate, real estate, government relations, and natural resources.

Patent Summer Program, Denver Office

We are looking for 1L and 2L students who are interested in spending the summer in Denver working with our IP patent group. Applicants for this position should have a background in hard science or engineering and be eligible to sit for the patent bar.

General Summer Program, Las Vegas Office

We are seeking 2L students who are interested in spending the summer in Las Vegas working on projects from a variety of departments including litigation, gaming, corporate, IP, and real estate.

Natural Resources Program, Santa Barbara Office

We are looking for 2L students interested in spending the summer in Santa Barbara working on projects related to natural resources and water law.

Please submit your cover letter, resume, and transcript to our Recruiting Specialist, Brandy Tulley, at BTulley@bhfs.com
