Brownstein Government Relations Podcast Series: Political Update (May 2018)

May 21, 2018

Podcast

Brownstein Podcast Series, May 21, 2018

Policy Director Brian Wild and Senior Policy Advisor Zach Pfister join Strategic Advisor Mark Begich for a bipartisan political update that covers hot-button primaries, including those in West Virginia, Pennsylvania and California. In a primary season suffering from sensory overload, they drill down on how polls have continued to be misleading and question the presumed given that Democrats will sweep the Midterms. With Democrats running on a national agenda and Republicans running district-by-district races, they discuss how politics this season have clearly not stayed local.
