2018 Community Impact Report

Jun 27, 2019

Brownstein Hyatt Farber Schreck is pleased to release our 2018 Community Impact Report.

In 2018, we completed more than 50 volunteer projects across all the firm's offices to commemorate our 50th anniversary and celebrate one of the firm's four foundational values—Giving Back.

An organization's culture is its values in action and there's no better example of this than our work in the community and our employees' willingness to contribute their time, talent and resources.
