Podcast

Brownstein Podcast Series, October 9, 2017

With the recent Equifax breach, Esteban Morin joins Sen. Mark Begich to discuss what companies can do when, not if, a breach occurs including which federal agencies need to be contacted, the importance of communication following a breach and the need for a breach response plan.

The image shows a podcast player interface. On the left is a black square logo with the text 'BROWNSTEIN PODCAST SERIES' in white and blue. To its right is a red play button icon. Below the play button is the text 'Brownstein Podcast Series' and 'Cybersecurity'. A waveform visualization of the audio is shown below the text. In the bottom right corner of the player, there is a 'Share' button and a play icon followed by the number '208'. A small 'Cookie policy' link is visible in the bottom left corner of the player area.
